Re: Project No. 27706, *Reports of the Electric Reliability Council of Texas*

Dear Mr. Galloway:

On December 28, 2010, the Electric Reliability Council of Texas ("ERCOT") filed in this project ERCOT's Report concerning Market Participant Non-Compliance with Digital Certificate Annual Audits. Tenaska Power Services Co. ("TPS") and its affiliate LQA, LLC ("LQA") were on the list of Market Participants that had not submitted to ERCOT results of the Market Participant's annual audit of its list of Digital Certificate holders.

Please be advised that TPS and LQA timely completed Digital Certificate Annual Audits for all digital certificates issued to TPS and LQA, and attestations to ERCOT verifying that the parties had controlled their respective digital certificates and users in compliance with ERCOT Protocols for all Market Participant functions for which ERCOT had issued digital certificates ("QSE", "LSE", etc.) except that they had inadvertently omitted in the submission to ERCOT attestations pertaining to those digital certificates issued for functions as a Counterparty ("CP"). The parties have now corrected the inadvertent oversight, and submitted CP attestations to ERCOT.

Sincerely,

Norma Rosner Iacovo  
Associate General Counsel  
Tenaska Power Services Co.

Cc: Chad V. Seely, ERCOT
