PUBLIC UTILITY COMMISSION
FILING CLERK

Dear Commissioners:

40190

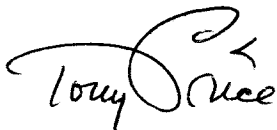

I am requesting a public hearing regarding 'smart' meters.

The purpose of the public hearing is to bring forth expert testimony and scientific documentation regarding these meters because I have great concerns over health and privacy issues.

In my case, my insomnia's symptoms have increased significantly since the installation of the meter on my personal residence last October. And, my physician will substantiate this in writing if necessary.

I can be notified of the hearing date at the address below.

Cordially,

Tony Price
