## Public Utility Commission of Texas

### Five-Year Report

Required by 16 Texas Admin. Code § 25.97(e)

**PROJECT NO.** 50594

**AFFECTED ENTITY:** City of Austin dba Austin Energy

#### General Information

Pursuant to 16 Texas Admin. Code § 25.97(e)(1), not later than May 1 every five years, each affected entity that owns or operates overhead transmission facilities greater than 60 kilovolts must submit this report. The first report must be submitted not later than May 1, 2020.

#### Instructions

Answer all questions, fill-in all blanks, and have the report notarized in the Affidavit.

#### Affidavit

A representative of the affected entity must swear to and affirm the truthfulness, correctness, and completeness of the information provided by attaching a signed and notarized copy of the Affidavit provided with this form.

#### Filing Instructions

Submit four copies (an original and three copies) of the completed form and signed and notarized Affidavit to:

Central Records Filing Clerk  
Public Utility Commission of Texas  
1701 N. Congress Avenue  
P.O. Box 13326  
Austin, Texas 78711-3326  
Telephone: (512) 936-7180

71

Affected Entity: City of Austin dba Austin Energy

PROJECT NO. 50594

**1. Historical five-year reporting period: Jan 2015 - Dec 2019**

What percentage of overhead transmission facilities greater than 60 kilovolts did you inspect for compliance with the National Electric Safety Code (NESC) relating to vertical clearance in the historical five-year reporting period?

The City of Austin dba Austin Energy (Austin Energy) annually performed visual inspections on 100% of its transmission facilities (greater than 60 kV) during the reporting period. Visual inspections are conducted to identify potential safety

**2. Future five-year reporting period: Jan 2020 - Dec 2024**

What percentage of overhead transmission facilities greater than 60 kilovolts do you anticipate you will inspect for compliance with the NESC relating to vertical clearance during the future five-year reporting period beginning on January 1 of the year in which this report is submitted?

Austin Energy anticipates continuing 100% visual inspections annually, and completing LiDAR verification of clearances on 100% of its system over the January 2020 - December 2024 reporting period with a target of no less than 15% inspected per year or the remaining required to be inspected to meet 100% over the reporting period.

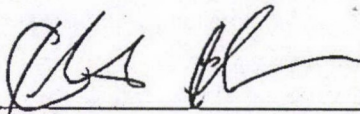

Affected Entity: City of Austin dba Austin Energy

PROJECT NO. 50594

## AFFIDAVIT

I swear or affirm that I have personal knowledge of the facts stated in this report or am relying on people with personal knowledge, that I am competent to testify to them, and that I have the authority to submit this report on behalf of the affected entity. I further swear or affirm that all statements made in this report are true, correct, and complete.
