DKT. 50664

As the owner of 18.6 acres in McKinney (ABS A0371 Meredith Hart Survey Sheet 5 Tract 68) I would like to enter my object to the Rayburn Electric plan to place Power line thru my property.

This property has been in my family since the Republic of Texas was founded. Half the people buried in McLarry Cementary (just south of the property) are my ancestors. The high power lines will render the property unusable for any future development.
