Addendum:

Question:

Explain the criteria used by Mr. Pregeant in selecting the utilities used in preparing Table 1. Provide a list of any other utilities reviewed or considered by Mr. Pregeant but not included in Table 1. Explain why these other utilities were not included.

Response:

The list of utilities used in preparing Table 1 are the same utilities used in EGSI's testimony for Docket 20150 filed in November, 1998. These utilities were chosen based on their similarity to the Entergy Operating Companies. The same 21 utilities were used for this filing and no other utility was reviewed or considered for this study.
