REPORTING FORM FOR GENERATING CAPACITY REPORTS

Provide the legal name of the party filing this report : Calpine Hidalgo Energy Center, L.P.

Provide the name, company, and telephone number of the person who may be contacted for clarification of information contained in this report: Robert Latham, General Manager/Plant Manager Calpine Hidalgo Energy Center, 1(956) 587-3288, or 1(956) 318-3800 ext. 73288

The Reporting Form for Generating Capacity Reports consists of this cover sheet, the attached four tables, and an affidavit. Please review the *Instructions to the Reporting Form for Generating Capacity Reports* before completing this reporting form.

This reporting form and the instructions may be obtained from the Commission's Central Records Division or downloaded from Commission website at <http://www.puc.state.tx.us>. Information may be inserted in the form electronically. As necessary, reply spaces may be expanded and/or rows may be added to the tables in order to provide the information requested.

The completed report must be filed with the Public Utility Commission of Texas, Attention: Filing Clerk, Public Utility Commission of Texas, 1701 N. Congress Avenue, P.O. Box 13326, Austin, Texas, 78711-3326. Submit 6 copies, including the original.

Generating Capacity Reports – Table 1

	ERCOT	Reliability Council (or Power Region)		
		Name:		Total Rel. Council (or Pwr. Region)
		Texas Area	Texas Area	
1. Total capacity of generating facilities that are connected with a transmission or distribution system.	460 MW			
2. Total capacity of generating facilities used to generate electricity for consumption by the person owning or controlling the facility.	0 MW			
3. Total capacity of generating facilities that will be connected with a transmission or distribution system and operating within 12 months.	0 MW			
4. Total affiliate installed generation capacity.	6,691 MW			
5. Total amount of capacity available for sale to others.	0 MW			
6. Total amount of capacity under contract to others.	460MW			
7. Total amount of capacity dedicated to own use.	0 MW			
8. Total amount of capacity that has been subject to auction as approved by the Commission.	0 MW			
9. Total amount of capacity that will be retired within 12 months.	0 MW			
10. Annual capacity sales to affiliated retail electric providers (REPs).	0 MW			
11. Annual wholesale energy sales.	1,908,163 MWH			
12. Annual retail energy sales.	0 MW			
13. Annual energy sales to affiliate REPs.	0 MW

Generating Capacity Reports – Table 4

1. Provide the facility name and unit name of each generating unit that is jointly owned. For each such unit provide the names of the joint owners and their respective ownership percentages.

Hidalgo Energy Center - Unit 1 CTG

Hidalgo Energy Center - Unit 2 CTG

Hidalgo Energy Center - Unit 3 STG

78.528% of the total output from Hidalgo Energy Center is owned by Calpine Operating Services Company Inc. (COSCI) and 21.472% of the total output is owned by the Public Utility Board of Brownsville, Texas.

2. Provide the facility name and unit name of each generating unit that is owned but not controlled. For each such unit, provide the name of the controlling party and briefly describe the nature of the other party's control of the unit.

Calpine Hidalgo Energy Center, L.P. controls all units in operation at Hidalgo Energy Center.

3. Provide the facility and unit name of each generating unit that is located on the boundary between two power regions (i.e., reliability councils) and able to deliver electricity directly into either power region. For each such unit, provide the total energy sales to each power region during the preceding year.

N/A

4. If the reporting party is subject to PURA Sec. 39.154(e), provide the facility name and unit name of each "grandfathered" unit that is located in an ozone non-attainment area. Attach to this report copies of any applications to the Texas Natural Resources Conservation Commission (TNRCC) for a permit for the emission of air contaminants related to the grandfathered units. Also attach a written description of the progress made since the last Generating Capacity Report on achieving approval of each such TNRCC permit.

N/A

5. For each power region (i.e., reliability council) in Texas in which the reporting party owns generation facilities, identify the amount of transmission import capability that has been reserved and is available to import electricity during the summer peak into the power region from generating facilities that are owned by the reporting party or its affiliate in another power region.
