To whom it may concern

I am writing this letter of intervention in regards to Docket No. 26185.

I do not want this transmission line on my property because I believe that it will decrease the land value - maybe not now but 20 to 30 yrs. down the road. Also I will not be able to do anything with the land in the easement.

This parcel of land was deeded to my sister + I about 2 yrs ago + has been in my family for over 100 yrs. + want to pass it on to my children.

Also, in closing I would like to say that ^{the} preferred route would seem to be the shortest route.

Respectfully,

Paul H. Donohue
