Rates – General Information

The rates stated above are Securus's standard rates throughout Texas and are provided for informational purposes only. The exact price for any specific service at any particular correctional facility may be set on an individual contract basis by agreement between Securus and the government or private entity responsible for the facility. To obtain exact pricing information for any service at a particular correctional facility in either English or Spanish, users must contact Securus at 800-844-6591. The hours during which these services will be available, limits on length and number of calls, and the numbers inmates may call are set by the entity responsible for the facility and not by Securus.

Rates – Bill Statement Fee

An undiscountable bill statement fee of \$3.49 may be applied to an end user's local exchange carrier bill in each month in which collect calls from confinement facilities are billed, regardless of the number of calls accepted. The bill statement fee is a monthly charge to recover some of the company's expenses associated with calls from confinement facilities served by the company and that are billed through local exchange carriers. No fee will be assessed in any month if no collect calls are accepted. This fee will not be assessed on end users that prepay for their services or those that are directly billed by the company.

Rates – Pay Telephone Use Charge

An undiscountable per call charge of \$0.60 is applicable to all intrastate, interstate and international calls that originate from any domestic pay telephone used to access the Company's services. This surcharge, which is in addition to standard usage charges and any applicable service charges and surcharges associated with the Company's services, applies for the use of the instrument used to access the Company's service and is unrelated to the service accessed from the pay telephone. This charge does not apply to calls placed from pay telephones which the caller pays for the call by inserting coins during the progress of the call.

Rates – SECUREvoice™

SECUREvoice™ provides validation of inmate personal identification numbers (PINs) through voice verification technology for purposes of improved security and reduced potential of fraud and consumer harassment by inmates. Where installation of SECUREvoice™ is requested by confinement facilities, a per call service charge of \$0.25 applies in addition to all applicable message charges, operator assistance service charges and other miscellaneous service charges.

Return Check Charge

A return check charge of \$25.00 will be assessed for checks returned for insufficient funds.

Credit Card/Check-by-Phone Payment Processing Fee

A payment processing fee of up to \$6.95 is applicable to credit card payments and check-by-phone payments submitted to the Company. This fee does not apply to payments mailed to the company or submitted via a customer's online banking service.

Rates – General Information (Continued)

Prepaid Expiration and Refund Policy - The End User may request a refund of the available balance in an AdvanceConnect Account either by written request to the Company or by contacting the Company at its toll free telephone number once the End User verifies certain account information. Any such unused balances will expire in one hundred eighty (180) days following the last call made, unless the balance is either fully depleted or a refund has been requested. Refunds are subject to a processing fee of up to \$4.95 and no refunds will be issued for accounts reflecting a balance of \$4.95 or less; this refund policy is applicable only to accounts established on or after November 1, 2008. No refunds of unused balances will be issued after the expiration date.

Wireless Administration Fee - A monthly fee of up to \$2.99 is applicable to any AdvanceConnect account with a wireless telephone number included as a number authorized to receive calls. This fee applies once per month, per account regardless of the number of wireless telephone numbers authorized. The fee amount will be deducted from the AdvanceConnect account balance on a monthly basis as long as a wireless number remains on the AdvanceConnect account. As of the initial effective date of this fee, existing AdvanceConnect accounts with existing authorized wireless numbers will be Grandfathered and the Wireless Administration Fee will not apply. If an existing AdvanceConnect account adds or changes a wireless number on the account, the Wireless Administration Fee will apply going forward.

Inmate Debit is a prepaid telephone account offering made available to Inmates by the Company when permitted by the Confinement Facility. Inmates fund and replenish their Inmate Debit account through electing to transfer funds from either their facility's inmate trust fund or commissary account to their Inmate Debit account. Inmate Debit accounts may also be funded by inmate friends and family members via the Company's points-of-sale. Funds placed in this account become the property of the inmate.

Refunds of unused Inmate Debit account balances are issued by the entity controlling the actual cash deposits, which is either the Company, the commissary, the Confinement Facility or its agent, depending on the specific arrangements, unless otherwise directed by state law. Depending on the entity issuing the refund, refund fees and/or minimum refund amounts may apply. The prepaid balance expires ninety (90) days from the date of the last call placed on the Inmate Debit account unless alternative arrangements are expressly requested by the Confinement Facility. No refunds of unused balances will be issued after the expiration date.
