CAP ROCK ENERGY CORPORATION'S SUPPLEMENTAL RESPONSE TO THE CITY OF GREENVILLE'S NINTH REQUESTS FOR INFORMATION, QUESTION NO. 17

Greenville 9-17:

Referring to Mr. Crowley's testimony, page 18, lines 12-20, provide a breakdown of the \$598,329 of distribution plant reclassified to O&M expenses. For each item, provide a description of the costs and explain why it should be expensed rather than capitalized.

RESPONSE:

After further review of the work orders included in Mr. Crowley's adjustment, it was determined that some of the work orders closed after the end of the test period. Removal of those work orders results in an adjustment of \$432,190. See the revised attachment for more detail supporting this adjustment.
