PUBLIC UTILITY COMMISSION
EL PASO

Commissioners,

I am writing you concerning the rate increase Cap Rock Elec. is asking you for. Cap Rock Elec. rates are already the highest in the state of Texas now. I don't understand how the Commission justified the rates that Cap Rock has now.

Another rate increase for Cap Rock would be just outrageous. What is going on. I am a former in Howard Co. Texas and have been a customer of Cap Rock for 44 years.

Thank You
