Docket # 28813

Dear Sir,

I'm writing in regard to Cap Rock Energy. If  
some thing is not done about this greed Cap Rock is  
going to destroy small communities.

My husband & I live in a 14x80 mobile home. The  
electricity bill is close to \$300.00 months. The summer months  
it is over \$300. considerable. I don't have a copy of my  
bill handy. My husband destroys it as soon as he can.

This company belongs to the people. No one yet has  
explained to me why, how this happened. I do know they  
continue to give them selves raises, bonuses, & keep the  
company's customers. People like us can't afford to keep  
them nor can we change providers. The cost for this  
action is prohibited. I've heard some say they will have  
to pull their kids out of school & move to get off of Cap Rock  
they can't buy Cap Rock and live.

I am OIC at a small one person post office. The  
Cap Rock bill for Dec. \$125.97, Jan. \$122.08, Feb. \$120.18, Mar. \$145.12.

Please help us do some thing about Cap Rock Energy,  
Jimmie & Vickye White Jimmie & Vickye White 297
