To Whom it may concern;

Help! Caprock Electric in Stanton, Texas is out of control, they are a robber without a gun!

We were customers of Cap Rock from 1962 - 1974 when we moved to Lamesa, at that time, their rates were cheaper than other services around, but that is no longer the case.

Our son and his wife are customers of Cap Rock and most of the time it takes more than a weeks wages to pay their electricity bill. His wife is going to school and working, but if it keeps going up, she may have to quit and work full time!

It looks like they are trying to put everyone out of business!
