PUBLIC UTILITY COMMISSION
FILING CLERK

I was born here in this Coal Martin
and farm & ranch in Cap Rock's
etc region. We have had good service
here, but they have always been
higher than our neighbors etc suppliers.

Now they are a new company ~~called~~
Cap Rock Energy. They have added
several charges to us or will such
as distribution charge

Base charge
Energy charge

I have stood quietly and paid bills
not to complain until now. Now
they have jacked things around
to up charges and are twice as
high as our neighbors.

My house alone cost 500⁰⁰ per month
compared to 180⁰⁰ to 350⁰⁰ to all my
friends in town and other parts of
the country.

I have paid my last bill quietly, now
I am mad as can be because we
are being ripped off and should
be reimbursed for all overcharges
for a least 10 years.

313

1 Our Territory is upset at the
serious overcharges, because we
may have to move out, if something
isn't done soon to stop this
ridiculous mess.

Thanks
and please consider
our pleas for help
Dennis Hedrick
