PUBLIC UTILITY COMMISSION
FILING CLERK

Dear Sirs:

We have been working to make a home in this community for the past 38 years. Our kids went to school here and church here. Our friends are here. This is home.

Now a few people are trying to ruin everything. We can't afford the electric bills so therefore we may have to sell out and move on some where else. It's not fair that a few people can ruin things for everyone.

I can't see how anyone on a fixed income can make ends meet. When your electric bill is higher than your house payment something has to give. We have a lot of medical bills and drug bills it could be we have to make the choice of medicine or electricity and to think this is the USA.

God Bless You
Lafern Webb
