*Data is currently not available

**Due to the electric industry restructuring this data is currently not available.

Oncor is a regulated electricity transmission and distribution company principally engaged in providing delivery services to retail electric providers (REPs). Oncor's revenues represent fees for delivery services provided to these REPs. Delivery Service revenues are categorized on Oncor's books as follows:

- Secondary Service Small - less than or equal to 10kw - Commercial
- Primary Service Small - greater than 10kw - Industrial
- General Service Large - greater than 10kw - Industrial

Oncor's sales and statistical data have been reclassified to conform to consumer class categories to the fullest extent possible.

Note: Data on "other" (Lighting Service - Unmetered, Lighting Service - Metered, Lighting Service - Guard Lights) has been added to its appropriate sector.
