**RE: Project 30238 – Annual Historically Underutilized Business (HUB) Use Report for
Border to Border Communications, Inc.**

Enclosed are an original and four copies of Border to Border Communications, Inc.'s 2013 HUB Use Report required by P.U.C. Substantive Rule 26.80.

HUB vendors were identified using business certification letters filled out by the vendors for the period October 1, 2013 through September 30, 2014. The business certification letters were mailed to all vendors used during this time period. The certification letter contains boxes for the vendors to indicate their business type: small business, woman-owned business, foreign business, historically underutilized business, or non-profit business. The certification letters also have boxes to check for the following categories: Black American, Asian Pacific American, Woman, Hispanic American, and Caucasian. These signed letters were used to identify HUBs for the enclosed 2013 HUB Use Report. Businesses who did not return a certification letter were assumed to not qualify as a HUB.
