RE: HUB & Diversity Report Waiver request

Dear Texas PUC,

This letter is to request a waiver for both the 30238 HUB Report and the 30240 Work Place Diversity report due to Local Access LLC having below the minimum requirement of Texas employees.

To be more specific, Local Access LLC has had zero (0) employees in the State of Texas since inception. There are no plans for Local Access to exceed the minimum number of Texas employees in the future. If that somehow changes, the PUC will be informed of the employee additions.

If there is any additional information you require, please let me know.

Thank you,

Robert Russell
