# (1) Describe the specific initiatives, programs, and activities undertaken under the plan during the preceding year:

As stated in the Plan, Level 3 is committed to ensuring its continued success through the full and effective utilization of qualified employees and candidates for employment, regardless of race, sexual orientation, marital status, color, national origin, pregnancy, religion, sex, sexual orientation, gender identification, age, mental or physical disability, veteran status, or any other basis upon which the law prohibits discrimination. To that end, the Company has established equal employment practices related to recruiting, hiring, training, compensation, benefits, promotions and transfers.

During the preceding year the Company has taken active steps to improve its policies, procedures, and training for all staff to ensure full awareness and adoption of said practices. The Company has ongoing initiatives to continually improve its diversity, inclusion, and equal employment practices.

Selected Activities and initiatives during the preceding year:

Company-wide acknowledgement of Code of Ethics – the Company publishes and requires every individual employee-owner to read and acknowledge the Code of Ethics and pledge to uphold this code of conduct by which the Company maintains its diverse, inclusive and safe environment.

Increased access to myHR for employees -- The Company continues to follow the established equal employment practices stated in the Plan relative to recruiting, hiring, training, compensation, benefits, promotions and transfer. The Company actively promotes the open door policy as stated in the Plan.

Added training for people manager and hiring managers -- Level 3 continues to train its supervisors, managers, and executives on workforce diversity, inclusion, equal employment opportunities, anti-harassment, and screening policies, procedures, and expectations. All training is available via multiple resources, including the *Manager's Toolkit* system, which has been upgraded during the preceding year with additional training resources and making EO and Diversity policies and practices visible on the home screen of the tool. The *Manager's Toolkit* also includes educational materials on appropriate hiring practices. In addition to revising the hiring manager system the Level 3 HR and Legal teams provided in-person and individual compliance and diversity training to multiple facilities throughout the preceding year. As stated in the Plan, individual coaching would be offered upon request and is ongoing in addition to the group led trainings. The Company also authored and released an article on its intranet educating employees on cultural awareness in the workplace.

Broadened Workforce Diversity Recruiting Efforts – the Company's recruitment focus continues to be on developing relationships with key organizations to attract high performing candidates for employment. During the preceding year the Company was an active member of

DirectEmployer's Association. Through partnership with DirectEmployer's Association, the Company was able to increase visibility and distribution of its employment opportunities via specialized diversity and veteran outreach programs. The Company now distributes its employment opportunities to over 22 diverse and veteran sites. In addition to selected representation on the Recruitment Compliance Committee the company took additional outreach efforts to strengthen relationships with the National Labor Exchange and National Association of State Workforce Agencies. The Company actively supported and participated in numerous career fairs as well as in career days, youth motivation programs and other community programs. The Company also maintains its ongoing partnership with prevalent internet job sites as well as their diversity sub sites.

Throughout the Plan year the Company has maintained its relationships and committee representations above as well as expanded its veteran and Individuals with Disabilities recruitment efforts. The Company has developed close working relationships with the Employer Partnership of the Armed Forces (EPAF), the Military Spouse Corporate Career Network (MSCCN), Milicruit Virtual Events, and signed its petition of support with the Employer Support of the Guard and Reserve to diversify and grow its veteran employee-owner population.

Equal Employment Initiatives – in the preceding year Level 3 continued its efforts on the Job Description Database project which defines the role, job summary, and essential duties of all titles/jobs within the Company. This project was launched in an effort to further promote equal employment practices in recruitment, hiring, performance management, and compensation. The project is a joint effort between HR, compensation, and People-Managers within the organization to increase transparency in hiring decisions, promotion, and compensation changes – to support Level 3's ongoing efforts as an equal employment opportunity employer. In addition to the Job Description Database project, the Company initiated a Role Mandate project to further define each employee-owners role and expectations to further the equal treatment and management of the workforce.

Ongoing training for HR – During the preceding year the Company held additional training courses for its Recruitment staff on OFCCP Compliance best practices focused on diversity recruitment, non-discriminatory screening practices, and equal employment decision making. The Recruitment staff participated in Diversity Recruiting training during the preceding year to provide additional practices and resources for inclusion of a diverse candidate pool. The Recruitment staff is actively engaged in outreach efforts with diverse and veteran initiatives.

## (2) Make an assessment of the success of each of the specific initiatives, programs, and activities listed above:

In summary, all of the above listed programs have furthered the Company's initiatives as stated in the Plan of continuing to fairly and consistently enforce its Policies regarding equal employment and anti-harassment. Increasing ease of access to the myHR systems provided resources for employee-owners to feel comfortable and have multiple avenues in which they may express a concern or complaint.

The additional training provided during the preceding year encompassed additional facilities and a broader scope of employees and people managers. The quick links and improvements to the internal systems were effective in training new supervisors, managers, and Directors on EO, diversity, harassment and discrimination policies and practices. Supporting training documents were also placed on the *Manager's Toolkit*. Managers are now able to readily access information and training on management best practices. Feedback has been positive and insightful from the manager population.

In working with DirectEmployer's association Level 3 has increased the number of relationships with organizations able to provide a connection with local, diverse, and veteran workforce members. The increased distribution and outreach efforts have led to increased traffic and number of applicants from diverse sources. Level 3 Communications is aware of industry best practices in diversity, outreach, inclusion, and veteran hiring practices which are all currently being considered for the upcoming year's initiatives.

The veteran outreach and recruitment partnerships established in the preceding year have directly increased the number of veteran and IWD applicants available to the Company and candidates included in the recruitment processes.

# (3) Describe the initiatives, programs, and activities the utility will pursue during the next year to increase the diversity of its workforce and contracting opportunities for small and historically underutilized businesses:

Level 3 plans to continue its relationship with DirectEmployer's Association as well as focus on strengthening its relationships with State Workforce Agencies, diversity recruitment, and veteran recruitment organizations. In additional to additional outreach programs, Level 3 has started a targeted recruitment campaign to include diverse and veteran applicants via company branding, social media, virtual military recruiting events, and targeted recruitment. Level 3's social media presence is a continued focus in the next year which will include increasing its presence on Twitter, LinkedIn, and expanding its presence on Facebook to increase accessibility of its openings to a more diverse candidate pool. Through the DirectEmployer's Association partnership, the Company's open positions are now distributed through the Social Jobs portal on Facebook, a joint effort between DirectEmployer's Association, the National Association of State Workforce Agencies and the Department of Labor.
