COMPANY INITIATIVES**

- (1) Describe the specific initiatives, programs, and activities undertaken under the plan during the preceding year:**

During the preceding year, Mid-Plains Rural Telephone Cooperative, Inc. has continued the business relationships established during the normal course of business over a period of years, including Historically Underutilized Businesses which we have done business with in the past. In addition, we attempt to identify any other HUB's with which we can purchase goods and services. Since we are located in a small town in the Texas Panhandle, we are very limited in our choices. We have and will continue to purchase goods and services based on competitive price, quality and availability and will also continue to do business with established entities that can meet our needs based on those criteria.

- (2) Make an assessment of the success of each of the specific initiatives, programs, and activities listed above:**

As stated above, Mid-Plains Rural Telephone Cooperative, Inc. is located in a small town with limited choices. However, in our opinion, we are very successful in doing business with entities that are classified as HUB's. We do strive to be fair and objective when purchasing goods and services with a goal of obtaining competitive pricing and quality in mind.

- (3) Describe the initiatives, programs, and activities the utility will pursue during the next year to increase the diversity of its workforce and contracting opportunities for small and historically underutilized businesses:**

Our plan for the next year is to continue doing what we have successfully done in past years. We will purchase goods and services based on competitive price, quality and availability and where possible we will continue to do business with HUB's with which we have a relationship. Where possible, we will continue to develop new relationships with HUB's. Our workforce has been very well diversified for many years and we have no plans to alter our hiring practices. We will continue to hire the most qualified candidates when replacing or hiring new employees.

- (4) State the specific progress made under the plan filed by the utility:**

Since filing our last report, we have not been able to add any new HUB's to our current list of suppliers. During the year 2004, we had one Hispanic male employee terminate his employment with our company to pursue other interests. As in the past, we have filled this vacant position with the most qualified applicant.
