**WORKFORCE AND SUPPLIER DIVERSITY FORM
COMPANY INITIATIVES**

(1) Describe the specific initiatives, programs, and activities undertaken under the plan during the preceding year:

The company has followed the same procedures during 2021 that it utilized during all preceding years in the consideration and utilization of HUB's. We are willing to consider any company that can provide our customers with services and or equipment as long as they offer the degree of excellence that meets the requirements we strive to maintain when servicing our customers. We service small exchanges in diverse areas of west, central, and south Texas. We make it a practice to seek local businesses for bids on contracts for constructions and repair for equipment. We also try to recruit and hire our employees in the local areas of our exchanges. We feel that living and working in your hometown helps to build a feeling of pride and satisfaction in a job well done.

In order to be in compliance with the PUC ruling for the HUB and Workforce Diversity reports we send mail out to all of our vendors every other year that includes a letter explaining the requirement along with business certification surveys for each company to complete and mail back to us.

COMPANY INITIATIVES**

- (2) Make an assessment of the success of each of the specific initiatives, programs, and activities listed above:**

As we stated before we exercise non-discrimination and fairness with regard to our vendors. We are also open to new companies as long as the workmanship and service are of the highest quality and the price is competitive. Our policy has always been and will continue to be non-discriminative and fair. Due to the lack of response from the majority of our vendors, it's not possible for us to provide right data, but I would estimate about 80% of our vendors are small businesses and less than 5% are large businesses.

- (3) Describe the initiatives, programs, and activities the utility will pursue during the next year to increase the diversity of its workforce and contracting opportunities for small and historically underutilized businesses:**

Our company will continue to strive to hire talented and experienced individuals to serve the diverse population of the exchanges we serve. As qualified HUB's move into the area we will be open to their expertise in the telecommunications industry and more than willing to allow them to bid on projects or perform services and repairs on equipment as long as the standards of the company are not compromised. We will continue to mail out requests to our vendors and try and reiterate the importance of their reply.

(4) State the specific progress made under the plan filed by the utility:

Progress has been made in the growth of the number of businesses moving into our areas and those that qualify as HUB's. We do business with a diversified range of vendors and if they were willing to give us the data, this report would be reliable. This report does not have accurate information.
