Re: Project No. 30238  
Project No. 30240

To Whom It May Concern:

This letter is to advise the Public Utility Commission of Texas that Smart City Networks, LP has only 25 Full-time employees in the state of Texas. We are therefore requesting a waiver of the required WD and HUB reports for the project numbers mentioned above.

If, in the future, our Full-time employee count exceeds 25, we understand that we would then be required to file the WD and HUB reports.

If you have any questions, or need further information, please direct all correspondence to my attention at 3720 Howard Hughes Pkwy, Ste 190, Las Vegas, NV 89109.

Dear Facilities Communications International, Ltd.:

All telecommunications utilities are required to report annually their progress and efforts to improve workforce diversity and contracting opportunities for small and historically underutilized businesses pursuant to PUC SUBST. R. 26.85 and PUC SUBST. R. 26.80. The workforce diversity (WD) and historically underutilized business (HUB) reports for 2004 were due on December 30, 2004.

The Commission's records indicate that your WD and HUB reports for 2004 have not been filed. Please file your annual reports in the following projects:

- 1) annual 2004 WD reports are to be filed in Project No. 30238.
- 2) annual 2004 HUB reports are to be filed in Project No. 30240.

The forms for each of the HUB and WD filings may be found on the Commission's website at:

<http://www.puc.state.tx.us/telecomm/forms/index.cfm>

**Failure to file your 2004 HUB and WD reports may result in the imposition of administrative penalties against your company.**

If you have questions regarding these reports please contact Janis Ervin, Telecommunications Division, at (512) 936-7372.

Sincerely,
