RE: Project No. 31969, Application of EarthSense Americas, Inc. for an Aggregator
Registration pursuant to P.U.C. SUBST. R. 25.111 - **Notice of Deficiency**

Dear Ms. Nelson:

The application you filed for registration as an Aggregator has been reviewed and the Commission Staff (Staff) has determined that it is **deficient in one respect**. Staff cannot proceed with a substantive review of your application until it is complete. If you do not provide the missing information and correct the current information within ten business days or request additional time to provide the information, **your application will be denied**. Please submit the information listed below by filing it as an addendum under a cover letter with the Commission's Central Records Filing Clerk. Be sure to reference Docket number 31969 on the cover letter. As with the original application, you need to submit six copies of the cover letter and addendum. Please do not send your response directly to me, it must go through Central Records first. The following deficiency must be corrected and/or completed:

1. Application Part B1(g) –Applicant's response addressed only the registering party. The application requires disclosure for the registering party, any predecessors in interest, and affiliates.

As noted above, if you do not request additional time to provide the information or provide the information within ten business days, your application will be denied.
