Re: Project 32182 Vegetation Maintenance and Ground-Based Inspection

Mr. Galloway:

Please accept this letter as the response required by all facilities based CLECs in Project 32182. AMA TechTel does not own any overhead wireline facilities. AMA TechTel does not own or maintain any utility poles. Therefore, we do not have a vegetation management program or a ground based inspection program. If you need any additional information, please contact me. Thank you for your assistance.

Thank you,
