Re: Project No. 32182 – PUC investigation of Methods to Improve Electric and  
Telecommunications Infrastructure to Minimize Long Term Outages and Restoration Costs  
Associated with Gulf Coast Hurricanes

Dear Mr. Galloway:

In response to Staff's request in Project No. 32182 for written updates to filings made in  
October 2006 on programs related to vegetation management and ground-based inspections  
for overhead facilities, Peoples Telephone Cooperative, Inc. files its response that 100% of its  
facilities are underground.

Therefore, Peoples Telephone Cooperative, Inc. does not require a vegetation management or  
aerial facility inspection program.

Sincerely,

Robbie Allen  
General Manager
