RE: Project No. 32182 - PUC Investigation of Methods to Improve Electric and Telecom Infrastructure That Will Minimize Long Term Outages and Restoration Costs Associated with Gulf Coast Hurricanes

Dear Mr. Galloway:

In response to Staffs request in Project No. 32182 for an update of facilities-based local exchange carriers' programs related to vegetation management programs for overhead facilities and on-going cyclical, ground-based inspection programs for overhead facilities, One Source Communications (CLEC) files its response that their company's status has not changed and that the company does not have a need for such programs.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Young" or similar, with a stylized flourish at the end.
