RE: Project 32182 Report

There was a mix-up regarding the open meeting filing deadline and consequently Staff missed getting the Hurricane Infrastructure Report on the open meeting agenda for July 20. I have been advised that since we have a project number and may request commission action that the report can not be taken up under my generic posting either. Therefore, we will file the final report on July 20 and take it up at the August 10 open meeting. I'm sorry for the confusion. Thank you.
