Coastal Coordination Council Secretary  
Texas General Land Office  
P. O. Box 12873  
Austin, Texas 78711-2873

RE: **Project No. 32515**  
**Texas Coastal Management Program Quarterly Report**  
**1st Quarter FY 2019**

Dear Coastal Coordination Council Secretary:

As required by Section 505.30(e) of the Texas Coastal Management Program and 16 Texas Administrative Code § 25.102, the Commission's records indicate that for the 1st Quarter period of September 1, 2018 through November 30, 2018, seven applications for certificate of convenience and necessity (CCN) involving a transmission line or generation facilities were filed. The Commission approved a total of six applications for transmission facilities in the 1st quarter of FY 2019, none of which were subject to CMP oversight. There are three dockets currently pending that are subject to CMP oversight.

There have been no new rules or amendments to 16 TAC § 25.102 relating to the Coastal Management Program since the last report. If you need any further information regarding the above, please contact Adriana Gonzales at (512) 936-7223.

Sincerely,

A handwritten signature in black ink, appearing to read "John Paul Urban", written over a printed name and title.

John Paul Urban  
Executive Director
