RE: Project # 32791

Dear Commissioner Smitherman:

This letter is to advise you that we are opposed to Brazos Electric Cooperative's proposed new transmission line, A-3, which would be built near our home and property in Lamar County.

Since the primary purpose of this line is to benefit residents in other locations, Lamar County property owners would suffer only adversely. The A-3 line would have a negative effect on our property values, making it difficult to sell our property in the future. There are also possible adverse health effects along with the unsightly appearance these lines impose on the landscape.

Please do not approve this project when it comes before the Public Utility Commission.  
Thank you.

Sincerely,

  
Joel and Linda Peace

CC: Public Utility Commission of Texas  
Central Records, Filing Clerk
