Request to Intervene in PUC Docket No. 32791

The following information must be submitted by the person requesting to intervene in this proceeding. This completed form will be provided to all parties in this docket. If you DO NOT want to be an intervenor, but still want to file comments, please complete the "Comments" page.

Mail this completed form and 10 copies to:

Public Utility Commission of Texas
Central Records
Attn: Filing Clerk
1701 N. Congress Ave.
P.O. Box 13326
Austin, TX 78711-3326

First Name: Misty Kin Last Name: Stewart
Phone Number: 903-664-4587 Fax Number: _____
Address, City, State: 924 CR 2125 I Vanhoe TX 75447

I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

- ☐ I am a party to the case;
- ☐ I am required to respond to all discovery requests from other parties in the case;
- ☐ If I file testimony, I may be cross-examined in the hearing;
- ☐ If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- ☐ I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.

One or more of the utility's proposed routes would cross my property.

Other. Please describe and provide comments. You may attach a separate page, if necessary. The

proposed route is to go between our house +
another family members house. We live on
100 acres that is used for cattle + horses.
We would lose income from the lease of the (over)

pasture if this line is placed on our property. We have two small children that would be affected by the strong electricity that would be distributed from these lines as well as ~~we~~ ourselves. My mother-in-law, who also resides on this land, has been in remission from cancer for over 10 years. This proposed site would not be good for her health or anyone around us. I have been told by numerous individuals that this can also be a fire hazard during lightning storms. This line will not only affect our health, income, but will lower our property values as well. There is already an existing line that can be used instead of destroying land that currently have livestock & families' homes.
