BEFORE THE

RECEIVED
2008 OCT -3 PM 1:48
PUBLIC UTILITY COMMISSION
FILING CLERK

STATEMENT OF POSITION OF SRW COGENERATION, L.P.

NOW COMES SRW Cogeneration, L. P. ("SRW"), an intervenor in the above-entitled and --numbered cause and files this, its Statement of Position.

SRW supports the grant of the Certificate of Convenience and Necessity ("CCN") sought by Kelson Transmission ("Kelson") in this docket. SRW is interested in being able to sell electric energy generated at its Orange, Texas cogeneration facility in ERCOT through an interconnecting transmission facility such as that proposed by Kelson. To that end, SRW has made an interconnection request with Kelson and has participated actively in this proceeding and intends to participate in the hearing when it convenes.

SRW has reviewed the Application, the testimony supporting that Application, the Preliminary Order, and responses to RFIs which have been filed in this case. SRW believes Kelson has shown that its proposed line would benefit ERCOT ratepayers. SRW also believes there is evidence that Entergy's ratepayers will not be harmed by the transfer of generating capacity to ERCOT through use of this line.

WHEREFORE, PREMISES CONSIDERED, SRW respectfully requests that the Commission grant the requested CCN and for such further relief to which SRW may show itself justly entitled.

Respectfully Submitted,

By:
