Re: Project Number 36141 – Quarterly Performance Measures Report for Fourth 2012,
NextEra Energy Power Marketing, LLC

Dear Ms. Lowrey:

Please accept for filing in the above-referenced proceeding the performance measures report of NextEra Energy Power Marketing, LLC ("PML") for the Fourth quarter of 2012. An original and three copies of same are provided.

Attached is the required report attestation, which is being filed publicly. PML is also submitting its DOE EIA-826 reports confidentially and under seal. PML is submitting this confidential information consistent with PUC Proc. R. 22.71.

PML did not serve any customers during the reporting period of which pre-payments were required, and therefore does not have any responsive information to submit regarding disconnects/reconnects for non-payments. PML notes that in connection with Measure A-1, which requires it to file both paper and electronic copies of its DOE EIA-826 reports, PML has submitted only the paper copies of these reports because it did not separately maintain electronic copies of same.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "William P. Cox".

William P. Cox
