Re: Project No. 36141, *Retail Performance Measure Reports Pursuant to PUC Subst.  
R. §25.88 Beginning 3rd Quarter 2008*

Dear Ms. Hudgins:

Please accept for filing in the above-referenced proceeding the performance measures report of Shell Energy North America (US), L.P. ("Shell Energy") for the *second* quarter of 2014. The measures required for retail electric providers ("REPs") are:

Measure A-1 Customers served by REPs  
Measure C Technical Field Performance

Attached is the required report attestation, which is being filed publicly. Shell Energy is also submitting confidentially and under seal the information for the measures set forth above and the required analysis thereof, which discusses and reveals that information. That information and analysis are being submitted as confidential documents pursuant to Proc. R. 22.71.

Shell Energy notes that in connection with Measure A-1, which requires it to file both paper and electronic copies of its DOE EIA-826 reports, Shell Energy has submitted only the paper copies of these reports because it considers these reports to constitute confidential information. Procedural Rule 22.71 (d)(3), however, provides that a party shall not file confidential materials electronically unless specific arrangements are made and agreed to by the parties involved on a case-by-case basis. Shell Energy is unaware of any such arrangements having been made. Accordingly, Shell Energy is not filing the EIA-826 forms electronically at this time. Should the Staff desire to review electronic copies of those reports, Shell Energy will discuss appropriate arrangements for filing such materials in consideration of the rule.

Thank you for your attention hereto.

Very truly yours,

Chris Reeder  
Attorney for Shell Energy North America, (US), L.P.
