OF EMERGENCY OPERATIONS EXERCISES §

PUBLIC UTILITY COMMISSION

OF TEXAS

WEST TEXAS WIND ENERGY PARTNERS, L.P.'S
FILING IN ACCORDANCE WITH PUC SUBSTANTIVE RULE §25.53

West Texas Wind Energy Partners, L.P. ("West Texas Wind") in compliance with PUC Substantive Rule §25.53(c)(3) files the attached affidavit attesting that West Texas Wind has in place a business continuity plan that addresses the disruption of normal operations in the event of a natural or manmade disaster, a pandemic, or a State Operations Center declared event.

West Texas Wind contents that the comprehensive summary of the Emergency Operations Plan ("EOP") contains confidential, security-sensitive information that should be maintained as confidential in the Commission's files and should be considered exempt from disclosure to the public pursuant to §§552.101 and 552.110 of the Texas Government Code. This is sensitive commercial and trade secret information about West Texas Wind's business that, if disclosed to competitors, would cause substantial harm to West Texas Wind and disadvantage it with respect to its competitors. The comprehensive summary of the EOP has therefore been filed under seal.
