THE RESPONSE OF N. DALE FINCH AND MARY K. FINCH (INTERVENORS) TO
THE FIRST REQUEST FOR INFORMATION FROM GEORGE QUESADA DATED
OCTOBER 26, 2009 AND WE MAILED ON NOVEMBER 3, 2009

SOAH Docket No. 473-10-0399
PUC Docket No. 37407

Addendum to First Request for Information

1.1 Please state your correct name, mailing address, and telephone number. If you are agreeable to being contacted via e-mail or facsimile, please provide your e-mail address and/or fax number. If you are not the owner, or the only owner, of the property in question that might be affected by Oncor's proposed transmission line, please identify who is or who the other owners are.

Response:

N. Dale Finch and Mary K. Finch, 310 CR 231, Sweetwater, TX 79556
(325) 798-3121

Addendum:

In reviewing our responses as we prepared for our testimony for November 18, 2009, we realized that we had excluded a statement of ownership regarding property known as the John E. Everett Survey. Our primary focus has been to protect our Century Homestead property which borders this property immediately to the North and immediately to the Southeast. We own an undivided 1/2 interest in the property known as the John E. Everett Survey that is crossed on the Northeast corner along the P Link. The Myrtle Brewer estate owns the other undivided 1/2 interest in this property and they have been notified by Oncor.

The undersigned parties stipulate that responses to requests for information can be treated by all parties as if the answers were filed under oath.

N. Dale Finch

Mary K. Finch
