Re: SOAH Docket No. 473-10-1097; *PUC Docket No. 37448; Application of LCRA Transmission Services Corporation to Amend its Certificate of Necessity and Convenience (CCN) for the Gillespie to Newton 345-kV CREZ Transmission Line in Gillespie, Llano, San Saba, Burnet, and Lampasas Counties, Texas* – ALJ's Exhibit

Dear Judge Harvel:

At the close of the hearing in this case (*see* Tr. 2006-2010) you requested that LCRA TSC prepare a demonstrative exhibit designated as ALJ's Exhibit (sheets 1 and 2). LCRA TSC has completed that task and the ALJ's Exhibit is now posted on the web site for your review and that of the parties. For the information of the parties, that link is: <http://www.lcra.org/energy/trans/crez/gillespie.html>. The ALJ's Exhibit maps (sheets 1 and 2) should be listed on that project page. As with Exhibit 15A, you may wish to establish a comment/objection time related to this Exhibit. LCRA TSC suggests that the deadline for filing comments/objections be set for Monday, March 8, 2010, to allow persons preparing their initial briefs in this matter to have time to conduct a meaningful review.

With this letter copies of the ALJ's Exhibit (sheets 1 and 2) are being provided to the court reporter (2) and Your Honor (4) in the number of copies specified in Order No. 4. As stated above, the ALJ's Exhibit will be available on LCRA TSC's Gillespie-Newton project page accessible via the link above. If you or the parties have any questions please let me know.

Sincerely,

Fernando Rodriguez
Associate General Counsel
