**Re: PUC Docket No. 37448**  
**SOAH Docket No. 473-10-1097**

*Application of LCRA Transmission Services Corporation to Amend its Certificate of Convenience and Necessity for the Gillespie to Newton 345-kV CREZ Transmission Line in Gillespie, Llano, San Saba, Burnet and Lampasas Counties, Texas*

Dear Chairman Smitherman:

I am writing in follow-up to my earlier letter of April 9, 2010 addressing the impropriety of non-parties addressing the Commission at tomorrow's hearing on the above-captioned case.

It is apparent that the representatives of Landowners Preservation Group have gone to a great effort to arrange for a hearing packed with non-parties who want to address the Commission on this matter. I trust that the Commission will honor the process and not allow this. However, if the Commission is inclined to allow non-parties to address the Commission, I ask you to give me an opportunity to state my objection into the record.

Thanks for your consideration.

Very truly yours,

Mike Willatt,  
Attorney for Kane-Glensprings Ranch, Ltd.
