Att: Filing Clerk,

I recieved the letter from LCRA-TSC dated Oct. 28, 2009 concerning the proposed new transmission lines. The link C4 would be immediately across from my property of 20+ acres on Fm. Rd 965. My entry drive is located on the right of the Treibs Rd. sign. Link C4 would have significant impact on the value and views of my property. The preferred route would be C5, which would utilize existing electric right of way. Link C5 will also be visible from our property. Monopoles should be used rather than the lattice towers.

Thank you for your consideration.

Sincerely Yours,
Byrl W Hardy
