1-1 While empathetic to the concerns of all of our fellow Intervenors, our efforts must be focused on the proposed transmission line not defiling our property which is C25-17 on Link C- 25. So as long as they do not use link C-25 it would not be appropriate for us to voice an opinion.

1-2. The link which traverses our property is C-25.

Thanks,
Albert A. Solomon
