RE: Docket No. ~~33744~~ 37744

To whom it may concern:

Entergy Texas is proposing an increase of 20.39% in the electric rates and fuel costs. In this slow economy, I find this increase to be very exorbitant.

I am protesting this unfair increase on behalf of all senior citizens who are existing on Social Security only. We did not receive a cost of living increase in 2010 and will not be receiving one in 2011.

This proposed increase in our electric rates will present a hardship on those of us on a fixed income.

Thank You,

Jim Steddum
