Pursuant to P.U.C. PROC. R. 22.246(g)(1)(C), this Order addresses the Settlement Agreement and Report to Commission (Agreement) between the Public Utility Commission of Texas (Commission) Staff and AEP Texas Central Company (TCC) (collectively, Parties) regarding Commission Staff's investigation of TCC for violation of PURA¹ § 38.005 and P.U.C. SUBST. R. 25.52, concerning reliability and continuity of service for reporting year 2007. PURA § 38.005 was amended in 2009 and all references in this Order to PURA § 38.005 are to the prior version of the statute that was in effect in 2007.² This docket was processed in accordance with applicable statutes and Commission rules. The Agreement resolves all issues in this docket. Commission Staff recommended an administrative penalty of \$169,000. TCC agreed to pay the recommended administrative penalty. The Agreement is approved.

The Commission adopts the following findings of fact and conclusions of law:

I. Findings of Fact

1. TCC is a transmission and distribution utility as defined in PURA § 31.002(19).
2. For reporting year 2007, TCC reported it had a system-wide System Average Interruption Duration Index (SAIDI) value which exceeded the standard by more than 30%, a system-wide System Average Interruption Frequency Index (SAIFI) value which

² Act of May 27, 1999, 76th Leg., R.S., ch. 405, § 36, 1999 Tex. Sess. Law Serv. 2557 (Vernon), amended by Act of May 26, 2009, 81st Leg., R.S., ch. 424, § 1, 2009 Tex. Sess. Law Serv. 1017 (Vernon) (current version at TEX. UTIL. CODE ANN. § 38.005 (Vernon Supp. 2009)).

- exceeded the standard by more than 20%, 22 feeders with a SAIDI value in the top 10% of worst feeders for two or more consecutive years, 15 feeders with a SAIFI value in the top 10% of worst feeders for two or more consecutive years, and six feeders with a SAIDI value more than 300% greater than the system average for two or more consecutive years.
3. On or about April 30, 2009, TCC was provided proper notice of Commission Staff's investigation in this matter, the results of the investigation, information about its right to a hearing, and an opportunity to explain its activities.
 4. TCC fully cooperated with Commission Staff's investigation.
 5. TCC acknowledged the violations detailed in this Order.
 6. TCC participated in one or more settlement discussions with Commission Staff to resolve this matter.
 7. On January 28, 2010, the Parties entered into the Agreement resolving the violations. The Parties filed the Agreement on February 2, 2010. Commission Staff recommended, and TCC agreed to pay, an administrative penalty of \$169,000.
 8. The Agreement provides for a reasonable resolution of this dispute.
 9. The Agreement is in the public interest and should be approved.

II. Conclusions of Law

1. The Commission has jurisdiction over this matter pursuant to PURA §§ 14.001, 14.002, 14.003, 14.051, 15.023, 15.024, and 38.005.
2. TCC is a transmission and distribution utility as defined in PURA § 31.002(19) and for purposes of PURA § 38.005 and P.U.C. SUBST. R. 25.52.

3. As a transmission and distribution utility, TCC is required to comply with the service quality and reliability standards established by PURA § 38.005 and P.U.C. SUBST. R. 25.52. PURA § 38.005 was amended in 2009 and all references in this Order to PURA § 38.005 are to the prior version of the statute that was in effect in 2007.
4. TCC was provided proper notice of Commission Staff's investigation in this matter, the results of the investigation, information about its right to a hearing, and an opportunity to explain its activities.
5. PURA § 38.005(a) provides that "[t]he commission shall implement service quality and reliability standards relating to the delivery of electricity to retail customers by electric utilities and transmission and distribution utilities." Subsection (a) requires the Commission to, by rule, "develop reliability standards, including: (1) the system-average interruption frequency index (SAIFI); (2) the system-average interruption duration index (SAIDI); (3) achievement of average response time for customer service requests or inquiries; or (4) other standards that the commission finds reasonable and appropriate."
6. Pursuant to this legislative mandate, the Commission implemented the reliability standards found in P.U.C. SUBST. R. 25.52. P.U.C. SUBST. R. 25.52 requires each utility to maintain and operate its distribution system so that the SAIDI or SAIFI values do not exceed the system-wide standard by more than five percent, no distribution feeder with more than 10 customers sustains a SAIDI or SAIFI value for a reporting year that is among the highest (worst) 10% of that utility's feeders for any two consecutive reporting years, and no distribution feeder with more than 10 customers sustains a SAIDI or SAIFI value that is more than 300% greater than the system average of all feeders during any two consecutive years.
7. TCC violated PURA § 38.005 in effect in 2007 and P.U.C. SUBST. R. 25.52, for reporting year 2007, when reported it had a system-wide SAIDI value which exceeded the standard by more than 30%, a system-wide SAIFI value which exceeded the standard by more than 20%, 22 feeders with a SAIDI value in the top 10% of worst feeders for two or more consecutive years, 15 feeders with a SAIFI value in the top 10% of worst feeders for two

or more consecutive years, and six feeders with a SAIDI value more than 300% greater than the system average for two or more consecutive years.

8. P.U.C. PROC. R. 22.246(g)(1)(A), (B), and (C) require issuance of a report of a settlement to the Commission and a written order that approves the settlement.
9. The Agreement is a report of settlement to the Commission as required by P.U.C. PROC. R. 22.246(g).
10. The requirements for informal disposition pursuant to P.U.C. PROC. R. 22.35 have been met in this proceeding.

III. Ordering Paragraphs

In accordance with these findings of fact and conclusions of law, the Commission issues the following order:

1. The Agreement, attached to this Order as Attachment 1, is approved, and the Parties shall be bound by its terms.
2. TCC shall pay an administrative penalty to the Commission in the amount of \$169,000. TCC shall remit payment of the full amount of the administrative penalty on or before 30 calendar days after the date this Order is signed. 7. All other motions, requests for entry of specific findings of fact and conclusions of law, and any other request for general or specific relief, if not expressly granted herein, are denied.

The right to withdraw must be exercised by providing the other Party written notice within 20 calendar days of the date the Commission files the final order acting on this Agreement. Failure to provide such notice within the specified time period shall constitute a waiver of the right to withdraw and acceptance of the material changes to this Agreement made by the Commission.
