RE: Application of Lone Star Transmission, LLC for a Certificate of Convenience and Necessity for the Central A to Central C to Sam Switch/Navarro Proposed Crez Transmission Line; SOAH Docket No. 473-10-4398; PUC Docket No. 38230.

Dear Judge Pomerleau and Judge Pratibha J. Shenoy:

1. I am a small land owner representing myself in this case. I do not want my property destroyed on Route A between Roby and Anson. If Lone Star transmissions had of designed Route A by extending Route D to where the intersection of Route A, Route H and Route G merge then the Texas Electric Transmission line of 345 KV placed on my property in 1981 could have been used. But Lone Star Transmission chose completely new land and destroying our living area for this land where the old home site was built in early 1900 and over the old well.
2. Route A as designed by Lone Star Transmission will destroy Very Good Land for growing food as proven from 1900 to present day. It is not right to destroy good farm land which may some day be the only source of food for those that live in the area.
3. Route A will destroy College and University Research on Rolling Plains Quail Research Ranch 12 miles West of Roby. People interested in Quail and Other endangered animals paid lots of money for the land and research needs protection from Big Power Lines.
4. I do not think PUC selected the correct Route A and I believe Lone Star Transmission Power Line Designers spent more time and effort analyzing all legal phases in Selection Route C and therefore the route that parallels other Power Lines should be selected.
5. In 1900 Power Lines Could be built straight. Today the land owners who have lots of money should not be given priority over small land owners. All Land Owners Love their Land whether one acre or 1000 acres please look at our desires to keep our family history from being destroyed.

Thank you for reading my letter.

Very truly yours,  
Intervenor

**RE: Application of Lone Star Transmission, LLC for a Certificate of Convenience and Necessity for the Central A to Central C to Sam Switch/Navarro Proposed Crez Transmission Line; SOAH Docket No. 473-10-4398; PUC Docket No. 38230.**

**Dear Judge Pomerleau and Judge Pratibha J. Shenoy:**

I am a small landowner and I am not sophisticated in these types of matters of Powerlines taking my property for their use. I have been overwhelmed with the amount of paperwork received as an intervenor on this matter. This Matter has taken much of my time since May 30, 2010.

I am asking Administrative Law Judges to take a review of other small land owners like myself who have been unable to hire an attorney especially on Route A to take care of the PUC Docket 38230 and SOAH 473-10-4398 . I own a small piece of land and I am not an attorney to protect myself from Powerline Companies.

The following documents have been filed on Route A in PUC Docket 38230 and SOAH 473-10-4398 :

**43, 96, 105, 108, 643, 633, 718, 733, 734, 735, 739, 786, 802.**

**43** 6/4/2010 NORMAN DOZIER REQUEST TO INTERVENE  
**96** 6/14/2010 JAMES C. CURRIE COMMENTS  
**103** 6/14/2010 J.L. CURRIE REQUEST TO INTERVENE  
**108** 6/14/2010 BLACKARD INTERVENORS (SUSAN BLACKARD) REQUEST TO INTERVENE  
**632** 7/12/2010 FREDDIE STUART REQUEST TO INTERVENE  
**633** 7/12/2010 FREDDIE STUART COMMENTS  
**718** 7/15/2010 FOY MITCHELL COMMENTS  
**733** 7/16/2010 THOMAS & ALETHA MOYERS COMMENTS

*Page 2 of 4*  
*Copy* 1

**734** 7/16/2010 FRANCES MORGAN COMMENTS  
**735** 7/16/2010 KYLE COMBEST COMMENTS  
**739** 7/16/2010 GIFFORD WHITE, JR. COMMENTS  
**786** 7/23/2010 JANE HUDDLESTON COMMENTS  
**802** 7/27/2010 ROLLING PLAINS QUAIL RESEARCH RANCH COMMENTS  
- PORTFOLIO 2010  
**413** 6/24/2010 CHIMNEY CREEK LAND COMPANY LLC MOTION TO  
INTERVENE

Some of these owners of these documents are on the intervonor maps but those who made a one time protest were not marked on the maps provided by Lone Star Transmission. I am wondering if PUC Docket 38230 and SOAH 473-10-4398 looked at the small landowners when making their suggestion of allowing Lone Star Transmission to use Route A.

**1263** 8/26/2010 PUC LEGAL DIRECT TESTIMONY OF T BRIAN ALMON  
**1264** 8/26/2010 PUC LEGAL DIRECT TESTIMONY OF MOHAMMED ALLY  
**1265** 8/26/2010 PUC LEGAL DIRECT TESTIMONY OF CHRIS ROELSE

Route A landowners may not be rich and have lots of money but I do not understand why our land should be destroyed because we are unable to hire an attorney.

I have only a small piece of land and I already have a two electric transmissions lines 345 kV and 138 KV since about 1981, and accoring to Lone Star Transmission maps two pipelines on my property number 2-60.001 In Fisher County Texas on the Jones County Line. I do not understand the logic for cutting across land in a diagonal and destroying my land with a completely new transmission line. Also my entrance road for property will be destroyed.

Other land owners in Fisher County area have small plots of ground and the NEW Lone Star Transmission lines will destroy our useage of our property.

Thank you for reading my letter.

Very truly yours,  
Intervenor
