Application of Lone Star Transmission, LLC for a Certificate of Convenience and Necessity for the Central A to Central C to Sam Switch/Navarro Proposed CREZ Transmission Line

PUBLIC UTILITY COMMISSION OF TEXAS (PUC) DOCKET NO. 38230

Dear Landowner,

Lone Star Transmission, LLC (Lone Star) wants to notify you of its intent to obtain a Certificate of Convenience and Necessity (CCN) for the construction of a new 345 kilovolt (kV) double-circuit transmission line.

At the direction of the Texas Legislature, the Public Utility Commission of Texas (PUC) created five geographic Competitive Renewable Energy Zones (CREZs) in West Texas and the Texas Panhandle. These are areas for the development of new wind generation plants. The PUC also ordered utilities, including Lone Star, to build over 2,300 miles of new transmission lines to connect these zones with other parts of Texas. Lone Star plans to construct approximately 311 miles of those new transmission lines to bring electricity from wind-rich areas of West Texas to consumers throughout the state. The proposed routes cross the following counties: Scurry, Fisher, Jones, Mitchell, Taylor, Callahan, Shackelford, Stephens, Eastland, Palo Pinto, Erath, Comanche, Somervell, Johnson, Bosque, Hill, and Navarro. Additionally, the company plans to construct three 345 kilovolt (kV) substations. The Central C substation is expected to be located in Shackelford County. The Sam Switch and Navarro substations are expected to be located in Hill County and Navarro County, respectively.

The estimated cost of this project is approximately \$767,800,000.

Your land may be directly affected in this docket. If Lone Star's preferred route or one of Lone Star's alternate routes is approved by the Public Utility Commission of Texas (Commission or PUC), Lone Star will have the right to build a facility which may directly affect your land. The application includes a preferred route, however, **any of the proposed routes may be selected by the Commission**. This docket will not determine the value of your land or the value of an easement if one is needed by the applicant to build the facility. If you have questions about the transmission line, you may contact Polly Newman at (877) 278-8097.

The enclosed brochure entitled "Landowners and Transmission Line Cases at the PUC for Competitive Renewable Energy Zone (CREZ) Projects" provides basic information about how you may participate in this docket, and how you may contact the PUC. Please read this brochure carefully. The brochure includes sample forms for making comments and for making a request to intervene as a party in this docket. In addition to the contacts listed in the brochure, you may call the PUC's Customer Assistance Hotline at (512) 936-7120 or toll free at (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the PUC's Customer Assistance Hotline at (512) 936-7136 or toll free at (800) 735-2989. If you wish to participate in this docket by becoming an intervenor, the deadline for intervention in the docket is **June 23, 2010**, and the PUC should receive a letter from you requesting intervention by that date. Mail the request for intervention and 10 copies of the request to:

Public Utility Commission of Texas
Central Records
Attn: Filing Clerk
1701 N. Congress Ave.
P.O. Box 13326
Austin, Texas. 78711-3326

Persons who wish to intervene in the docket must also mail a copy of their request for intervention to all parties in the docket and all persons that have pending motions to intervene, at or before the time the request for intervention is mailed to the PUC. In addition to the intervention deadline, other important deadlines may already exist that affect your participation in this docket. You should review the orders and other filings already made in the docket. The enclosed brochure explains how you can access these filings.

Project maps illustrating the proposed preferred and alternate routes, as well as written descriptions of the geographic area and location of the routes are enclosed for your convenience. A copy of the application filed at the PUC and maps of the preferred and alternate routes may be viewed at any of the following locations:

Scurry County Library, 1916 23rd St, Snyder, TX 79549
