REQUEST FOR INFORMATION

SU-SPS 1-26(b):

Concerning Mr. Stebbins' concerns with conductors being pulled over existing transmission lines during construction (Stebbins Direct at page 12, lines 1-15):

- a. Please provide all documents prepared by or for SPS on or after January 1, 2000 which relate to pulling conductors over existing transmission lines, and
- b. Please identify, by date and lines involved, each instance on or after January 1, 2000 in which SPS has pulled conductors over existing transmission lines, and describe any problems that were encountered.

RESPONSE:

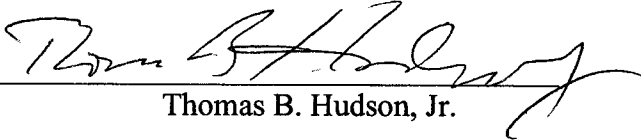

- a. SPS is not aware of any documents related to pulling conductors over transmission lines.
- b. Following is a list of projects where SPS pulled conductors over existing transmission lines. To my knowledge, there were no problems or incidents in any of these projects related to the wire pulling.

Project	ISD
J-03 Potter County Substation to Finney Substation	Aug-01
K-60 Eddy County Substation to Seven Rivers Substation	Jun-04
J-05 Finney Substation to Lamar Substation	Dec-04
T-69 Lubbock East Substation to Crosby County Substation	Jun-07
T-93 Martin Substation to Hutchinson County Substation	Dec-08
T-86 Amarillo South Substation to Spring Draw Substation	Feb-09
K-68 Seven Rivers Substation to Pecos Substation	Mar-09
K-69 Mustang Plant to Seminole Substation	May-09
K-67 Pecos Substation to Potash Junction Substation	Jun-09
