I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- One or more of the utility's proposed routes would cross my property.
- Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

I would like to request that the transmission line go in the preferred route or Option 1 as it will cost us, the taxpayers, 15 million dollars less than the FM529 option, or Option 3. I also believe that the location of the transmission line in close proximity to the houses in our community will adversely affect our property values and make it more difficult for us to sell our homes. The transmission line if placed on FM529 would be within 8 feet of our back yard fences and would tower directly over our homes.
