To whom it may concern,

My name is Stahlman Remmele. I am 17 years old and will be a senior next year at Paradise High School.

It is wrong for Oncor to place thier transmission lines on our property. It is bad enough that we will have to look at the towers everyday, but what about the potential health risks?

My brother and I will have to walk beneath those lines everyday. I will feel very uncomfortable with 345 thousand volts of electricity dangling over my head.

You may also want to know that the land west of our house is where George "Machine-gun" Kelly held Charles Urschel, an Oklahoma banker, captive. A transmission line on that land would not be good.

Please vote for the transmission lines to go through a less historic route.

Sincerely,

Stahlman Remmele
