I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- One or more of the utility's proposed routes would cross my property.
- Other. Please describe and provide comments. You may attach a separate page, if necessary. \_\_\_\_\_

It is my desire to develop my property with habitable structures. One of the utility's proposed routes would cross my property, therefore impeding development. This proposed route will result in a loss of land value and reduce my ability to utilize my property to the highest and best use possible. An action that diminishes my ability to establish one or more habitable structures on my property, runs counter to the alienable rights of land ownership established by the state of Texas.
