Oncor has selected a preferred transmission line and an alternate route in the Aurora and Rhome area, 718 and U.S. 81-287. I don't know the effect it will have on my property, as I was not notified of this project as required. I don't consent to any use of this project on my property as there is an existing right of way that could be utilized and would not affect the residents of Aurora and Rhome.
