RE: Willow Creek-Hicks 345 KV Transmission Line Project
Docket # 38324, Segment EEE, Track # 159

To Whom It May Concern:

We are officially asking for permission to intervene on this Willow Creek-Hicks 345 KV Transmission Line Project. This project is going to greatly impact our community, our homes, and our families. Please do not take all of this away from us.

We were very misled by Oncor. They had told all of us by being an "alternate route" we didn't have to be as concerned as being the preferred route. We all backed off thinking we didn't have a whole lot to worry about, and now we are going to be stuck with this transmission line project in our backyards! Please, give us a re-hearing.

Thank you,

Elizabeth Higgins
