## **II. INSTRUCTIONS**

1. Each request herein extends to any documents or information in your possession and the possession of any of the attorneys or law firms that purport to represent you in this case.

2. Each and every non-identical copy of a document, whether different from the original because of indications of the recipient(s), handwritten notes, marks, attachments, marginalia, or any other reason, is a separate document that must be produced.

3. If you object to any portion of a request on the ground of privilege, answer the non-privileged portion of the Request by providing such non-privileged information as is responsive.

4. If you object to any portion of a request on any ground other than privilege, you should still provide documents responsive to the remaining non-objectionable portion.

5. Separately for each request to which you object in whole or in part, describe in detail and itemize each basis of your objection.

6. If the basis of an objection to any request, or any portion thereof, is a statute, contract or other agreement, or any other obstacle to production that you claim is based in the law, please identify the basis of that purported obstacle with specificity.

7. Each request herein shall be construed independently, and no request shall be viewed as limiting the scope of any other request. Please indicate where any portion of your document production in response to a request has been covered in your production in response to another request, and please specify the request numbers at issue.

8. If you claim that any document responsive to any request is lost or destroyed, (a) identify and describe such document, (b) describe how the document was lost or destroyed, and (c) identify when the document was lost or destroyed.

when made, is no longer true, and the circumstances are such that failure to amend the answer is in substance a knowing concealment.

11. Any document that is withheld from production pursuant to a claim of attorney-client, work product, party communication or investigative privilege shall be identified and shall be segregated and maintained for in camera submission, and a list identifying such withheld documents shall be furnished at the time and place of production.
