The Statewide Energy Efficiency Portfolio Report includes utility action plans in the Executive Summary, Volume I of the report, and energy efficiency program results for each utility, Volume II of the report. The action plans provide detail on how the utilities will respond to evaluation, measurement, and verification (EM&V) recommendations made during annual results meetings held this summer.

The draft Statewide Energy Efficiency Portfolio Report for Program Year 2022 is filed in Project No. 38578, Item No. 102, on the Interchange:

<https://interchange.puc.texas.gov/search/documents/?controlNumber=38578&itemNumber=102>

Commission staff will file the Technical Reference Manual (TRM) for EEIP review by the EEIP meeting date. We will distribute the location on the Commission website after filing.

Comments on drafts of the Statewide Report and TRM are due no later than October 10, 2023, two weeks after the EEIP meeting. Please email comments to:
